Re: Continuation of NPDES Permit No. AK-002255-1
Municipality of Anchorage, Point Woronzof WTF

Dear Mr. Besse:

The purpose of this letter is to confirm that your National Pollutant Discharge Elimination System (NPDES) permit has been continued pursuant to 40 CFR 122.6. Under this section of the regulations, all permit limits, conditions, and monitoring requirements remain in effect until a new NPDES permit is issued.

The city should continue all effluent monitoring (as required in Part I.B.4., with any changes referenced in EPA's May 23, 1990, letter to the city). In addition, the fifth year monitoring requirements required in Parts I.B.5, I.B.6, and I.B.7 should be continued.

If you have any questions, please do not hesitate to contact Carla Fisher at (206) 442-1756 or Dan Robison of our Anchorage office at (907) 271-5086.

Sincerely,
